Wellness Screening – General Fasting Guidelines

Fasting is **not** required for this screening; however, all participants are encouraged to hydrate prior to their blood draw: drinking water, diet soda, or black coffee (no cream or sugar, but artificial sweeteners are ok).

No alcohol 24 hours prior and take all routine Rx medication (unless directed otherwise by your physician).

For optimal test results, no food 10 hours prior or follow a modified diet (avoiding sugary, fatty, and fried foods).

Questions about fasting or test results, contact a nurse at H&H Health (M-F, 8:30am-5pm CST)- 800.832.8302.

Wellness Incentive Retirement Contribution (WIRC) & Investment Questions

Q. What are the current wellness plan year dates?

A. May 1, 2022 – April 30, 2023.

Q. What is the Wellness Incentive Retirement Contribution (WIRC) for the current year?

A. The amount is \$125 for the current wellness plan year.

Q. How do I know if I am currently an eligible employee for the Wellness Incentive Retirement Contribution?

A. You are a benefit eligible employee, with at least one year of service, hired on or before May 1, 2022, and you are working at least 1,000 hours annually or a teacher with a half time or more contract.

Q. If I am no longer actively employed with the Archdiocese, or no longer benefit eligible, and I previously completed the wellness program will I still receive the WIRC?

A. The Wellness Incentive Retirement Contribution (WIRC) is for active benefit eligible employees. If you are no longer an active benefit eligible employee with the Archdiocese of St. Louis at the end of the Wellness Plan year, April 30th, you will not receive the WIRC.

Q. If I am eligible and complete a wellness exam/screening, how will I receive the Wellness Incentive Retirement Contribution (WIRC)?

A. The funds will be processed in the fall of 2023 and will be automatically deposited in your Archdiocese of St. Louis employer sponsored retirement account. The contribution is in addition to your normal monthly employer percentage contribution.

Q. How will the Wellness Incentive Retirement Contribution (WIRC) be invested?

A. If you have designated an investment allocation, then the contribution will be invested according to your designated investment election. If you do not have a designated investment allocation, then the contribution will be invested in the default fund. You can adjust your investment funds at any time.

Q. If I participate in both the voluntary and employer retirement account, can I designate which account to deposit the Wellness Incentive Retirement Contribution (WIRC)?

A. No. The WIRC will be deposited as an employer retirement account contribution.

Q. Can I get the Wellness Incentive Retirement Contribution (WIRC) in cash instead of being deposited in the lay employer retirement account?

A. No. The WIRC can only be received as a contribution to your lay employer 403(b) retirement account.

Q. Can I opt out of receiving the Wellness Incentive Retirement contribution (WIRC)?

A. No.

Q. Once the Wellness Incentive Retirement Contribution (WIRC) is deposited in my employer retirement account, can I request a distribution of the amount?

A. Yes, however, you must be eligible for a distributable event (Distribution/In-Service Withdrawal) as defined in the Plan Document.

Q. Will a vesting schedule apply to the Wellness Incentive Retirement Contribution (WIRC)?

A. No, as with all Contributions to the 403(b)-retirement plan, the contribution will be 100% vested immediately.

The Health Insurance Plan

Q. Can I get the employee wellness screening if I am benefit eligible but not enrolled in the UnitedHealthcare (UHC) Premier or Standard Plan?

A. Yes. The benefit of the exam/screening is to identify health risk factors early to be engaged in good health practices.

Q. Do I need to have the wellness exam/screening to be in the UHC Premier Plan?

A. No. There is no longer a wellness prerequisite for the UHC Premier Plan, whether or not you had a wellness exam/screening. You may participate in either the UHC Standard or Premier Plan.

Q. If I receive a serious diagnosis, will you terminate my health insurance plan?

A. No. Your health insurance continues, and we have no knowledge of any diagnosis. We only want to encourage all participants to receive a wellness screening and to be engaged in good health practices.

Wellness Screening Questions

Q. If I am a benefit eligible employee and have less than one year of service (hired after May 1st) can I still receive the H&H Employee Wellness Screening?

A. Yes, a benefit eligible employee with less than one year of service can still receive the H&H Employee Wellness Screening.

Q. If I am an Archdiocesan priest, brother, or sister may I receive the H&H Employee Wellness Screening?

A. Religious priests, brothers, and sisters are eligible for an annual Archdiocesan paid H&H wellness screening; however, they are not eligible to receive the Wellness Incentive Retirement Contribution.

Q. Can I get the health screening any time during the wellness plan year or just in September and March?

A. For your convenience, you can get the screening anytime during the plan year between May 1st and April 30th. The screening must be scheduled through H&H Health Associates (314.845.8302) or online at <http://wellness.hhhealthassociates.com>. You will be directed to an H&H approved lab close to your home or work. The Archdiocese will sponsor onsite H&H Health screenings at multiple locations during the fall and spring each year, if feasible.

Q. Will the health results of my exam/screening be sent to the Archdiocese or my employer?

A. No. Individual health data will not be shared with your employer, the Archdiocese, our insurance provider, or any other entity. The alternative health screening is being conducted by H&H Health Associates or an H&H approved lab and will be managed in a completely confidential, HIPAA compliant manner.

Q. Does the physician who conducts my wellness exam have to be my primary care physician?

A. No. Any physician you choose, who meets the definition of a physician under the UHC health plan, can conduct your wellness exam.

Q. Does the annual wellness exam require an employee copayment or coinsurance?

A. Maybe. The UHC plan generally covers preventive services, as specified in the health care reform law, at 100% without charging a copayment, coinsurance, or deductible, as long as they are received in the UHC health plan's network. UHC covers other routine services, which may require a copayment, coinsurance, or deductible. Always refer to your plan documents for your specific coverage. Medical treatment for specific health issues or conditions, on-going care, laboratory tests or other health screenings necessary to manage or treat an already-identified medical issue or health condition are considered diagnostic care, not preventive care.

Q. If I do not complete the wellness screening for the current wellness plan year, to I need to do anything?

A. No.

Q. If I get the employee wellness screening during the current wellness plan year, do I need to complete the Physician Wellness form?

A. No. A Physician Wellness form is not required if you receive your employee wellness screening through H&H Health Associates.

Q. Can my spouse/child participate in the employer paid H&H wellness screening?

A. No. The H&H screening is a benefit provided to employees only. Your spouse/child may see the physician for a wellness exam, as the UHC plan typically covers preventive services.

Q. If I fail to have a wellness exam/screening prior to April 30, can I ask for extra time?

A. **No. You have a full wellness plan year notice, from May 1st to April 30th to complete the wellness screening. Extra time allowances will not be granted due to administrative requirements.**

Q. May I receive both an annual wellness exam from a physician and a health screening from H&H Health Associates?

A. Yes. The two covered preventive actions are not mutually exclusive.

Q. Should I get an H&H screening in lieu of an annual wellness exam by a physician?

A. While the H&H screening is a good wellness tool, it does not replace the importance of a comprehensive wellness exam and lab work by a physician on a regular and long-term basis. We encourage you to develop a physician/patient relationship to enhance your quality of life.

Q. What is the H&H Comprehensive Wellness Screening scope of testing?

A. The comprehensive Wellness Screening panel from H&H Health Associates looks at a wide array of different diseases/illnesses, including diabetes, kidney function, nerve conduction & muscle contraction, heart rhythm, bone health, cellular repair, fluid balance, damage to bones/liver/heart, iron reserves & saturation, heart disease risk, thyroid function, immune system disorders, anemia, clotting ability, infections, etc.
