

## More options. And, more ways to save!

DeltaVision plans are superior for a reason. With your plan, you receive distinctive value that goes beyond pure plan design - and maximizes your benefits so you can save even more! Seeing your savings really is believing!

### Shop online with your DeltaVision® benefits

Through 1-800 Contacts®, Befitting, Glasses.com, and ContactsDirect®, you'll be able to utilize your vision benefits at your convenience from your home or on the go.

DeltaVision® is underwritten by Advantica Insurance Company and administered by Delta Dental of Missouri and Superior Vision Services, Inc.

### LASIK benefits through DeltaVision

Laser vision correction (LASIK) is a procedure that can reduce or eliminate your dependency on glasses or contact lenses. This corrective service is available to you and your eligible dependents at a special discount with your DeltaVision plan.<sup>1</sup>

QualSight® credentialed surgeons have collectively performed more than 7.5 million procedures. Through QualSight, members can receive up to 50% off the national average price of traditional LASIK with over 1,000 locations to choose from nationwide.

Additionally, there are:

- No authorizations required by DeltaVision.
- No copayments needed.
- DeltaVision members are informed of the exact contracted prices during their initial phone consultation.

#### Get Started

1. Call (877) 201-3602 or visit [lasik.sv.qualsight.com](http://lasik.sv.qualsight.com) for more information on LASIK benefits.
2. LASIK service experts will explain the process and answer any remaining questions.
3. While on the call, select a local in-network provider and set a free appointment at a time that works for you!

### Protect your eyes with blue light filtering lenses

Blue light filtering lenses are offered through our DeltaVision Value Discounts at a \$15 member out-of-pocket maximum<sup>1</sup>. Blue light is the highest wavelength of visible light that can penetrate the eyes' natural filters. Blue light penetrates deep into the eye, so prolonged exposure may result in:

- Suppression of the natural release of melatonin, which can lead to disruptions in sleep
- Retinal damage
- Long-term vision problems such as age-related macular degeneration (AMD) and cataracts

<sup>1</sup> LASIK vision correction discount and blue light filtering lenses are offered under our DeltaVision Value Discounts. Not all providers participate in DeltaVision Value Discounts, including the member out-of-pocket features. Call your provider prior to scheduling an appointment to confirm if he/she offers the discount and member out-of-pocket features. The discount and member out-of-pocket features are not insurance. Discounts and member out-of-pocket are subject to change without notice and do not apply if prohibited by the manufacturer. Lens options may not be available from all Superior Vision providers/all locations.

The DeltaVision Value Discounts Program is administered by Superior Vision Services, Inc.
