

DeltaVision®

Order contact lenses online from ContactsDirect®

With ContactsDirect, DeltaVision members have the same seamless in-network experience when shopping for contact lenses online as they do when shopping in person.

Choose from top brands and all types of contact lenses

- Apply in-network allowance instantly
- Use remaining FSA dollars
- Enjoy fast and free shipping

How it works

1. Choose your lenses

Select your favorite lenses, add them to the cart and go to checkout

2. Access your benefits

Use your insurance information to gain access to your benefits

3. Place your order

ContactsDirect will bill your insurance, members only pay out-of-pocket cost (if any)

What is needed to order contact lenses from ContactsDirect?

- A valid contact lens prescription (Rx): most contact lens prescriptions are valid for 12 months. Make sure the Rx is valid. An expired Rx is not valid.
- The name and contact information of the eye doctor for ContactDirect's verification purposes. By law, they must validate the Rx of any order placed on their site. They will contact your doctor on the member's behalf to meet this requirement.
