

**Archdiocese of St. Louis**  
**Office of Sacred Worship**  
**Prayer Divina**  
**Rosary Types**  
**Auto Rosary**

This one decade rosary is the same as one described above but with one difference. Rather than a continuous unbroken loop, there is a clasp in the middle of the set of ten beads. This is in place so that the rosary may be hooked around a rearview mirror, and used for prayer in the car. The clasp is also useful for clipping the rosary to the steering wheel while praying so you do not drop the beads while driving.
