Let them see life is sacred through all stages of life.

Help them see everyone's dignity, from the moment they are conceived.

Please protect all unborn children.

Help those planning on getting an abortion to see the error of their ways.

Guide them to Your loving arms and help them resist abortion.

Help them see there are other options.

Aid those being pressured to get an abortion to resist and do the right thing.

Fill them with the Holy Spirit and guide them to respecting life.

Comfort all of those recovering from an abortion and guide them to receive Your unending mercy.

Let them see You will always forgive them, no matter what.

Guide them to Your love and help them find their way back to You.

Assist those trying to end abortion have the courage to speak up and raise awareness among others.

Give them the determination to ignore those who ridicule and help them to continue to convince others to respect life.

Help all public officials hear the voices to end abortion and give them the bravery to assist in stopping it for good.

Guide those who are pro-choice to realize that the baby is alive and has dignity.

Help them to have a change of heart and become pro-life.
